## COUNTY COUPLE FINED \$85 ON GAME CHARGE

Mr. and Mrs. Paul T. Blevins, East Berlin R. 2, paid fines and costs totaling \$85 before Justice of the Peace Paul Wolf, York Springs Friday night on charges of failing to tag two deer, shot during deer season, before moving them.

Blevins argued before the justice that he thought the animals had to be tagged immediately only when shot "upstate" and that since they were shot on his property he did not think they had to be tagged immediately.

John Spahr, Gardner R. 2, game protector, who brought the charge, and B. J. Griffie, York Springs, who was with Spahr when the two claim they found the deer hanging on a tree at the Blevins property, said one deer was a button buck and the other a doe.

**Shot With Same Gun**  
According to the testimony the deer were allegedly shot with the same rifle within one minute of each other on the morning of December 17. Blevins, a school director in Reading Twp., said he shot the doe and then lent the rifle to his wife who shot the other animal.

The hearing, attended by District Attorney Daniel E. Teeter at the request of the justice and game protector, began at 8 o'clock Friday night and closed about 11 o'clock.

It was testified that the deer was shot at 10:30 o'clock, put into a barn on the Blevins property and by 11:30 o'clock the animals had been dressed.

## LIBRARY NEEDS FOR NEXT FIVE YEARS LISTED

Directors of the Adams County Free Library had a look into the future Friday evening at their January meeting when they considered a committee's estimate that library circulation will increase 15,000 a year for the next five years and that the library's book supply will have to be expanded by at least 16,000 volumes to handle that increase.

The report of a Special Finance Committee estimated that at least two additional staff members will be hired and a study on means to provide extra library space for the book collection and services was proposed.

The committee's report pointed out that in the last 10 years book circulation through the schools has doubled while circulation at the main library has quadrupled. The year-end report of Mrs. Mary S. Wilson, librarian, showed that 1957 circulation totaled 224,548, a new record and an increase of eight per cent over the 1956 total. The special committee report saw in the library's future "a stirring challenge."

**Must Have More Funds**  
The special committee was not charged with finding means of financing the expected library expansion but expressed the opinion that increased revenue for the next five years must come from such sources as the county commissioners, the borough councils, special efforts, the proposed Friends of the Library and from gifts and bequests from friends and patrons. The report urged faster reduction of the mortgage on the library property.

Mrs. Wilson's December report showed circulation at the main library last month jumped to 4,326, an increase of almost 1,000 over the (Continued On Page 2)

## Will Give Concert Wednesday Evening

Choral singing and choreography combine in the program to be presented by The Little Chorale in DePaul auditorium at Saint Wednesday evening at 7:30 o'clock.

Four men and four women, under the direction of Donald Smith, with Gene Bayliss, choreographer, will present a program including selections from operas, little songs by the old masters, operetta, recent serious work, and Broadway music.

The concert will be the fifth in a series presented jointly by Saint Joseph College and Mount St. Mary's College, Emmitsburg. Friends of students and faculty members of both colleges are invited to attend.

**FILES BAYLY WILL**  
The will of the late Elizabeth J. Bayly, Gettysburg, has been filed in the register and recorder's office. Mary J. Bayly, Gettysburg, is the executrix of the estate estimated to be \$5,300.

**BIRTH ANNOUNCEMENTS**  
At Hanover Hospital  
Mr. and Mrs. Donald E. Reed, Littlestown R. 2, daughter, Thursday.

**LOCAL WEATHER**  
Yesterday's high 29  
Last night's low 12  
Today at 8:45 a.m. 14  
Today at 10:45 a.m. 18

## Dean Diehl Estate Files Damage Suit

A \$125,000 damage suit was started Thursday in York County Common Pleas Court in behalf of the estate of Dean E. Diehl, East Berlin, one of seven persons fatally injured in a head-on crash of two automobiles on the Lincoln Highway four miles west of York, last July 16.

Named defendant in the trespass action is Frances I. Saur, administratrix of the estate of her husband, Norman J. Saur, Hanover, another of the crash victims. Saur and Diehl were operators of the cars involved in the fatality.

Last November 19 the Saur estate began a suit against C. D. Krout, administrator of the estate of Dean E. Diehl, for \$57,462 damages.

## 2,450 FARMERS SENT NOTICES OF ALLOTMENTS

Notices were sent Friday by the Adams County Agricultural Stabilization and Conservation Committee to 2,450 county farmers notifying them of their corn allotments for 1958 and also notifying them of the soil bank program — if they desire to put some or all of their corn acreage into the soil bank.

The farmers will have more acres to devote to corn this year if they wish to plant it, and indications are that not only is corn acreage increasing in the county but also that the soil bank amounts of land.

This year the county has been allotted 30,000 acres for corn. E. Glen Miller, office manager for the ASC, said today. The increase — from 28,625 acres allotted last year, is based upon increased interest in corn production in Adams County, compared to decreasing corn production in other parts of the state. Miller said he could give no definite reason for the increased interest in corn planting in the county.

**Deadline On Appeals**  
Farmers who may not be satisfied with the corn acreage allotment sent them must appeal the allotment with the county office by January 17, Miller said. After that date no appeals will be accepted.

While farmers will have a larger allotment generally this year, they also, for the most part, will have a larger inducement to place part or all of their corn acreage into the soil bank.

Last year the base for soil bank payments for corn acreage was \$45 per acre. This year it will be \$50 per acre. Actual amounts paid per acre will vary from \$30 to \$60 per acre — but farmers who had fairly high payments from corn acreage put into the soil bank last (Continued On Page 2)

## County Couple Sues To Get Insurance

An Adams County couple, Alton W. and Hallie A. Snyder, Gettysburg R. 2, have started an assumpsit action in Common Pleas Court, York, in an effort to collect a total of \$15,500 in fire insurance.

The Snyders are suing the Paradise Mutual Insurance Company, Hanover, for \$8,000, with interest from April 4, 1955, and the Hartford Fire Insurance Company, as represented by E. K. McConkey and Company, York, for \$7,500, with interest from the same date.

The complaint charges that both companies have refused to pay claims stemming from a fire Feb. 4, 1955, which totally destroyed the Snyder home. The policies were taken out about a month before the blaze.

## Fire Sweeps Entire Block Of Buildings In Berwick

BERWICK, Pa. (AP)—A general alarm fire swept through a block of buildings in downtown Berwick today. One man died in a leap from a third-story window and another man was listed as missing.

The blaze raged out of control for nearly three hours before firemen, struggling against sub-freezing temperatures, brought the flames under control. The damage was estimated unofficially at more than a million dollars.

The blaze is believed to have started in the bar section of the Morton House, a hotel. The flames spread in rapid order to the Marine Shop, Morris Cut Rate Drug Store, Vincent's Men's Shop, the Mahar Drug Store, W. T. Grant's five and ten cent store, Harry's Leather Goods and the W. T. Sullivan Army and Navy Store.

It marked the third major January fire in this community in the last three years.

The victim of the fatal leap was identified as Harry Brown, 61, an employee of the American Car & Foundry plant here. It was not learned at once whether he was an occupant of an apartment in

## 52 HAVE SIGNED FOR COURSES IN NIGHT SCHOOL

Fifty-two persons have signed so far for classes at the annual adult night school to be held starting January 13 at Gettysburg High School under sponsorship of the Gettysburg Recreation Association.

John Toggas, recreation director, said all persons planning to attend the school must register Wednesday evening at 8 o'clock at the high school at which time registration fees of \$3 each will be received from persons whose residences are within the area of the Gettysburg Joint School System. Persons outside the system must pay a registration fee of \$6. Those residing within the joint school system boundaries who complete a required number of classes are refunded their registration fee. There is no refund for those residing outside the joint district.

Persons wishing to attend the classes are asked to notify Toggas by Tuesday if possible, although those who are unable to do so may still register on Wednesday evening.

**Need Minimum Of Ten**  
Only those classes for which ten or more pupils have enrolled will be held.

So far sufficient students have been received to guarantee three of the classes, and "almost enough" have signed for a fourth. Eleven persons have signed their intention of taking the beginning typing course to be taught by Charles L. Edwards, New Oxford. Ten have signed for the leathercraft course to be taught by Allen Gray. Ten have signed for the shorthand course, for which the teacher is now being selected. Eight have signed so far for a woodworking course to be taught by Gary Bechtel, Fairfield; five for the oil painting course to be taught by Ernest Krape, four for the advanced typing course to be taught by James Feather, three for the sewing course to be taught by Miss E. Weisel and one for a dramatic arts course.

## Chicken Bone Sends Boy, 15, To Hospital

E. Strayer Yake, 15, son of Mr. and Mrs. J. Francis Yake, New Oxford R. 1, who raises capons as an FFA project, remains under medical observation after swallowing a bone of one of his capons which the family served roasted for a holiday dinner.

The New Oxford High School freshman was removed by the family doctor for treatment at Hanover Hospital. The bone could not be located by X-ray but the boy's throat was treated for a cut.

The youth, who plans to make a business of poultry-raising, has been listed as the agricultural student "having more projects than any other Adams County boy."

## COUNTYMAN HURT IN 4-CAR CRASH

Four persons were injured, one hospitalized, in an accident involving four cars Friday at 2:25 p.m. at a street intersection in Hanover.

Mrs. Albert Thomas, 58, New Oxford R. 1, was reported in a fair condition at the Hanover Hospital suffering from possible fractured ribs, fractured right arm and shock.

Mrs. Thomas was seated in a parked car which was struck by an auto driven by Max Shavrick, 58, Baltimore. Shavrick and his wife and son, Jerry, 19, were treated at the hospital and discharged. Shavrick suffered a laceration of the nose, sprained (Continued On Page 2)

## Fire Sweeps Entire Block Of Buildings In Berwick

BERWICK, Pa. (AP)—A general alarm fire swept through a block of buildings in downtown Berwick today. One man died in a leap from a third-story window and another man was listed as missing.

The blaze raged out of control for nearly three hours before firemen, struggling against sub-freezing temperatures, brought the flames under control. The damage was estimated unofficially at more than a million dollars.

The blaze is believed to have started in the bar section of the Morton House, a hotel. The flames spread in rapid order to the Marine Shop, Morris Cut Rate Drug Store, Vincent's Men's Shop, the Mahar Drug Store, W. T. Grant's five and ten cent store, Harry's Leather Goods and the W. T. Sullivan Army and Navy Store.

It marked the third major January fire in this community in the last three years.

The victim of the fatal leap was identified as Harry Brown, 61, an employee of the American Car & Foundry plant here. It was not learned at once whether he was an occupant of an apartment in

one of the buildings or had been a visitor. Dr. J. R. Brobst, county coroner, said he died as the result of a crushed chest and intense smoke inhalation.

## Winner And Loser

Sir Edmund Hillary, left, of New Zealand, conqueror of Mt. Everest, who is reported to have reached the South Pole. He appeared to have outdistanced Dr. Vivian Fuchs right, leader of Britain's Trans-Antarctic expedition toward the South Pole. (AP Wirephoto)

## Stoops Prints Win Top January Honors

Two prints entered by Maurice S. Stoops won first and second place in the monthly photography contest held as part of the meeting of the Gettysburg Photographic Society Friday evening at the Adams Electric Cooperative Building.

Pictures submitted by Edward Stine and Dr. Frederick Tilberg won third and fourth place. A total of 11 pictures was entered in the contest.

President Joseph Kendeheart named Edward Stine, Dr. Frank N. Hewelson and Paul G. Pensinger as members of the committee to arrange for a ladies' night program. He named David Garfinkle, Dr. C. A. Sloat and Dr. Tilberg as the nominating committee to report in February.

A discussion on special programs was held. It was announced that the next meeting will be held at the home of Dr. Sloat on W. Broadway.

## SALES SESSION HELD FRIDAY AT MUSSELMAN CO.

E. J. Yoder, sales manager of The C. H. Musselman Company, presided over the semi-annual sales conference held in Biglerville on Friday with Kennard G. Keen, representing Arndt, Preston, Chapin, Lamb & Keen, Philadelphia, the company's advertising agency, outlining plans for the 1958 advertising campaign.

Featured will be a continuation of Don McNeill and his Breakfast Club show, which originates six days a week in Chicago. The show, carried by the American Broadcasting Company radio network of more than 300 stations, boasts a daily audience of millions.

**Boards And Radio**  
Additional advertising will appear on outdoor billboards in selected cities throughout the nation. "Saturation radio" in many cities, with point of sale material and newspaper mats providing the tie-in for radio programs, will also become a part of the 1958 campaign.

Attending the sales session, in addition to Yoder, were Cyrus G. Bucher, assistant sales manager; L. S. Long, east central territory; W. H. Bosserman, New Jersey; Ross K. Wirt and Robert E. Tiley, Baltimore; C. L. Christie, Pittsburgh; W. E. Morrison, Philadelphia; retail salesman; Fred E. Slaybaugh, Fred C. Price, Donald E. Joseph and James Slaybaugh.

The dinner meeting will be held at the Dutch Cupboard at 5:30 p.m. Adjournment is scheduled for 7:30 p.m. to allow attendance at Tuesday's Week of Prayer services.

## BISHOP NAMES NEW AREA DEAN

The Most Reverend George L. Leech, bishop of the Diocese of Harrisburg, announced today the appointment of the Rev. Francis L. Conrad as dean of the parishes in the northern section of the diocese: Berwick, Bloomsburg, Danville, Lewisburg, Milton, Roaring Creek, Sunbury, and Northumberland. Rev. Fr. Conrad fills the position vacated by the Rt. Rev. Msgr. William J. Burke upon his transfer to a parish in another deanery last November 8.

Other appointments announced by Bishop Leech effective January 8 include:

Rev. Anthony W. Hebb to assistant pastor of St. Edward's parish, Shamokin.

Rev. Martin T. Brown from assistant pastor of Holy Trinity parish, Columbia, to assistant pastor of St. Anthony of Padua parish, Ranshaw.

Rev. Lawrence F. Grajek from assistant pastor of St. Anthony of Padua parish, Ranshaw, to assistant pastor of Holy Trinity parish, Columbia.

## WILL OBSERVE THEIR GOLDEN ANNIVERSARY

Mr. and Mrs. Charles Edward Kuhn, Cashtown, Sunday will observe their 50th wedding anniversary.

Present plans call for the celebrating couple, members of their family of six children and 16 grandchildren, and friends to gather at the Cashtown fire hall Sunday afternoon at 1:30 o'clock to mark the anniversary.

Charles Edward Kuhn and Mary Edna Mickle were married January 6, 1908, at a Reformed Church in Baltimore by the Rev. Joel Rossiter and left immediately for New York state where Mr. Kuhn had become foreman of a fruit farm in Niagara County.

**Took N. Y. Position**  
The offer came to Mr. Kuhn while he worked the fall before in the orchards in New York along with a large number of other local men. A half century ago Adams County's fruit production was much smaller than today and many of the farmers after taking care of the small fruit production here, journeyed to New York to help in orchards there.

It was a profitable business and Mr. Kuhn found his trip more profitable than he expected. He became acquainted with a Rochester, N. Y., fruit grower while working in the orchards that fall. The man bought another fruit farm and wrote to (Continued On Page 7)

## YMCA BOARD TO MEET TUESDAY

Dr. William O. Duck, chairman of the Adams County YMCA board, announced today that preparations for the coming "Father and Son Week" will begin at the next meeting of the board on Tuesday.

To help plans locally for this state-wide observance, ministers and representative laymen of the Gettysburg churches as well as delegates from the service organizations have been invited to the meeting.

Among other matters to come before the board will be preliminary consideration of the Y Day Camp, initial planning for this year's meeting of the Y membership and organization of a current membership enrollment campaign.

The dinner meeting will be held at the Dutch Cupboard at 5:30 p.m. Adjournment is scheduled for 7:30 p.m. to allow attendance at Tuesday's Week of Prayer services.

## List "Book Parade" Mondays On WGET

The schedule of book reviews to be given by AAUW members on the WGET "Book Parade" for January has been announced. The views will be given each Monday afternoon this month at 1 p.m.

January 6, Mrs. Russel Rosenberger will review "Schumann and the Romantic Age" by Marcel Brion; January 13, Mrs. Raymond Davis, "Johnny Glee of the Orphan Brigade" edited by A. D. Kirwan; January 20, Mrs. Daniel Bierne, "Six Plays" by Henrik Ibsen, and January 27, Mrs. W. L. Johnson, "Sons of Science, the Story of the Smithsonian Institution and Its Leaders" by Paul H. Oesher.

**GRID DINNER SPEAKER**  
Henry T. Bream, athletic director at Gettysburg College, will be one of the speakers at the annual football dinner of Kennard-Dale High School to be held January 30 at 6:30 p.m. Eugene Haas, football coach, and Frank Capitani, fullback, are also expected to attend.

## SUV OFFICERS INSTALLED BY A. W. WARMAN

Ira E. Kilmon Jr., McKnightstown, was elected and installed as commander of Gettysburg Camp 112, Sons of Union Veterans, Friday night at a meeting of the Camp at the GAR rooms on E. Middle St.

He succeeds James I. Rose, Steinwehr Ave. The installing officer was Past Camp Commander Arthur W. Warman.

Other officers elected and installed were Guy E. Buehler, senior vice commander; John Stark, junior vice commander; Paul A. Snyder, secretary; Arthur W. Warman, treasurer; Jesse E. Snyder, T. J. Winebrenner and David A. Tawney, camp counsel; Oscar Stevens, chaplain, and James I. Rose, patriotic instructor.

**To Plan Encampment**

Namer as the committee from the camp to help arrange for the 1958 encampment of the state department of the Sons of Union Veterans to be held here in June were Commander Kilmon, Buehler, Warman, Paul Snyder, Dr. Joseph Riley, James Rose, G. Henry Roth, Chester S. Shriver, Jesse E. Snyder, and John Stark.

Commander Kilmon announced that the encampment committee of the Sons of Union Veterans will meet with similar committees from the Auxiliary of the Sons of Veterans and the Salome Stewart Tent of the Daughters of Union Veterans in about two weeks to set up the general committee which will guide arrangements locally for the state encampment convention. Five GAR-affiliated organizations including the SUV, its auxiliary, the DUV, Ladies of the GAR and Women's Relief Corps from throughout the state will hold simultaneous conventions here in June.

The same committee as served last year was named to join with similar committees from the American Legion and VFW to set up the town's plans for the annual Memorial Day activities. The committee is headed by Chester S. Shriver.

## ANNOUNCE BOY SCOUT PROGRAM FOR DISTRICT

Plans for a number of activities for members of the Black Walnut Boy Scout District were announced today by the Camping and Activities Committee.

Crosby N. Hartzell, chairman of the committee, and Donald Carver, secretary, said the annual Spring Camporee will be held May 23, 24 and 25 at Bendersville. Robert Cluck, Jacob Orner and Robert Strine will lead the committee.

The annual district picnic will be held July 27 at Littlestown. The committee in charge will include Paul Hollinger, Donald Carver and Walter Smith.

A combined Fall Camporee and Nature Course will be held September 26, 27 and 28 at Fairfield with Paul Evans, Robert Strine, Jack Orner and Robert Cluck in charge of arrangements.

**Trek In Fall**  
Tentative plans call for the Fall Trek to be held August 14, 15 and 16 to Harrisburg and Hershey.

Crosby Hartzell will be in charge of arrangements for Harrisburg and Robert Strine for Hershey.

Preliminary plans were discussed for an exposition to be held sometime during the year. The following committee was (Continued On Page 2)

## HOSPITAL REPORT

Admissions: Mrs. Floyd Miller, Watkins Glen, N. Y.; Santo Rocella, Taneytown R. 1, Miss Marvin Scholl, New Oxford R. 1; Mrs. Wilbur Smith, R. 4; Mrs. Della Martin, R. 2.

Discharges: Walter Hoffman, 302 S. Washington St.; Mrs. Robert Bishop and infant daughter, R. 2; Mrs. Ronald Williams and infant son, 258 E. Middle St.; Mrs. Gene King and infant son, R. 4.

## Benefit Party By Woman's Club Jan. 8

With profits to go to the Warner Hospital and the Woman's Medical College the Gettysburg Woman's Club is preparing for a benefit card party to be held next Wednesday afternoon at 2 o'clock at the Moose Home when dessert of cake and coffee will be served and cards will be played.

There will be individual prizes for every table and draw prizes will be distributed during the afternoon. Members are urged to attend and to bring their friends.

## ROLE OF "NIKE" IN DEFENSE IS DAR TALK TOPIC

Eugene Lavery, affiliated with the program department of the Bell Telephone Company of Pennsylvania, presented a lecture-demonstration on "Nike," the short-range guided missile for defense at a meeting of Gettysburg Chapter, D.A.R., on Friday afternoon at the YWCA.

In the introduction to his talk, Mr. Lavery pointed out that America's good fortune in being cradled between two oceans can no longer prevent enemy bombers from reaching this continent and that the world is figuratively shrinking in size due to scientific advances. "Therefore, the United States must perfect the techniques of defense," he said.

Mr. Lavery said that the same technical concept which will make it possible eventually to dial any telephone in the United States and Canada, will make it possible to fire a guided missile to its target. He described the "Nike Ajax" as a short-range missile 20 feet long, weighing 100 pounds and propelled by liquid fuel. It is guided by fins and has a "brain" back of the "war head" which receives flashed information from the radar equipment. Mr. Lavery showed a model of the radar mechanism which detects the enemy planes, the radar plane-tracking and missile-tracking mechanisms, and finally demonstrated a model Nike missile on a model plane. Nike has been developed through the cooperation of the Bell Telephone Company, Douglas Aircraft and the U. S. Army, he said.

**17 Nike Sites**  
According to the speaker, there are 17 permanent Nike sites established at strategic cities but none will be fired except in the event of enemy attack. "Once a plane is sighted by radar, it cannot escape the missile," the speaker said, "and therefore the Nike technique is a guidance system like the telephone. All people are today fervently praying that these missiles which we have been forced to develop and which have been built on the anvil of peace, may never have to be used," concluded Mr. Lavery. Mrs. C. Ross Shuman, program chairman, introduced the speaker.

**Presents Awards**  
Mrs. H. H. Reuning, regent, presented Good Citizenship pins to (Continued On Page 2)

## MRS. PALMER EXPIRES AT 70

Mrs. Ida D. (Masmore) Palmer, 70, 412 Lincolnway West, New Oxford, died in the Hanover Hospital this morning at 3:15 o'clock after having been ill for five weeks and a hospital patient for the last two weeks. She had been ill with the flu and a heart condition developed that caused her death.

A native of York County, she was a daughter of the late Jacob H. and Julia C. (Wildasin) Masmore. Her husband, Daniel E. Palmer, died in 1952.

These children survive: Mrs. Wilmer D. Hankey, York; Mrs. Harold G. Peters, Biglerville R. 1; Mrs. Mabel Lings, New Oxford; Mrs. Joseph A. Bowen, Hanover; Elmer J. Palmer, New Oxford R. 2; Maurice L. Palmer, York; Mrs. Delbert P. Overbaugh, New Oxford; Mrs. (Continued On Page 2)

## MAN FOLLOWS WIFE IN DEATH AFTER MISHAP

A third person injured in a Christmas eve auto accident near Littlestown died Friday night in the Hanover Hospital.

J. Myles Spangler, 47, Hagerstown, Md., driver of one of the two cars, died Friday night. His wife, Mrs. Ruth D. Spangler, 40, who suffered a fractured skull and other injuries in the crash, died Sunday. Lloyd E. Eller, 51, Littlestown R. 1 farmer, driver of the other car in the accident, died instantly at the scene of the accident at 8:05 o'clock Christmas night, a mile west of Littlestown on the Hanover Rd.

**All Were Injured**  
Mr. and Mrs. Spangler and their four small children were enroute to a Christmas dinner with Mr. Spangler's parents in Hanover to visit his sister at Littlestown when, according to police, the car operated by Eller swerved into the path of the Spangler car, demolishing both vehicles and sending all of the members of the Spangler family, and Robert W. Yingling, 26, Littlestown R. 1, owner of the car Eller was driving, to the Hanover Hospital, with injuries of various degrees of seriousness.

Mrs. Spangler was the most critically injured and her death followed in four days. The condition of Mr. Spangler, who suffered rib fractures and internal injuries, became more critical and death followed on Friday.

**Three In Hospital**  
Two of the Spangler children hurt in the crash, John, 4, and Sarah, 2, and Yingling still remain in the hospital. Their condition, however are listed as satisfactory.

John Spangler suffered a broken left leg. Sarah Spangler suffered head injuries. The other two children, Rebecca, 10, who lost several front teeth, and Judith, 9, who suffered internal injuries, have been discharged from the hospital.

A son of Mr. and Mrs. John M. Spangler, 503 Baltimore St., Hanover, Mr. Spangler was a veteran of World War II and a member of the Hagerstown Church of the Brethren.

Survivors include his parents, the four children, two brothers, Raymond Spangler, Hanover and Daniel Spangler, Phoenix, Arizona, and two sisters, Mrs. June Rife, Hanover, and Mrs. Lois Bear, Littlestown.

Funeral services will be held at 10 o'clock Monday morning at the Creager Funeral Home, Thurmont, with the Rev. Dr. Dewitt L. Miller officiating, assisted by the Rev. W. C. Karns. Interment will be in the Blue Ridge Cemetery, Thurmont.

Friends may call at the funeral home in Thurmont from now until the time of the funeral.

## ROLE OF "NIKE"

(Continued From Page 1)

Miss Jean Grist, Gettysburg High School, and to Miss Patricia Heckelhuber, Biglerville High School, who were recently chosen Good Citizens of their respective schools. Mrs. Walter Grist, mother of Jean, was introduced as a guest.

Delegates chosen by the chapter to represent it at the Continental Congress in April are as follows: Mrs. Reuning, regent, and Mrs. William A. Hennig, treasurer, as delegates; Mrs. Shuman, Mrs. Guile W. Lefever, Mrs. James R. Oyer and Mrs. John A. Mumper as alternates.

Miss Elsie Eisenhart gave a report on national defense and Miss Alice Black reported on the American Indian luncheon at the state conference. Mrs. James Schwenk, chairman of DAR-approved schools, reported that a box of Christmas gifts from the chapter had been sent to the Tamassee School. As chairman of legislation, Mrs. Alexander S. Light presented the organization's stand on proposed legislation.

**Held Memorial Service**  
Mrs. Wilmer E. Gross, chaplain, conducted a memorial service honoring Mrs. Royal E. Zinn, a member of Gettysburg chapter, who passed away on December 6.

The co-chairmen of hostesses for Friday's meeting were Mrs. Edgar L. Deardorff and Mrs. Clarence Smith.

Mrs. Reuning announced that a musical tea will be held at the YWCA on Washington's birthday to which guests may be invited.

## ANNOUNCE BOY

(Continued from Page 1)

assigned to the various communities in the district to promote Boy Scout Week displays: Jack Orner, Arendtsville and Cashtown; Robert Strine, Gardners and York Springs; Robert Cluck, Bendersville and Biglerville; Donald Carver, Fairfield; Crosby N. Hartzell and Walter Smith, Gettysburg; Paul Hollinger, Littlestown and Hunterstown.

**Will Award Prizes**  
Prizes will be given for the best displays in each town and the camping and activities group will meet at the home of Chairman Hartzell at 6 p.m. February 13 to judge the displays. Following the judging the committee will meet at Bendersville.

The committee announced that reports from Stanley Rogers, scout field executive, show that three Explorers have registered for the annual trip to Philmont Scout Ranch in New Mexico. The committee is seeking at least nine boys to attend the camp. Cost of the trip will be \$140 and Explorers, Scouts 14 years of age or older who wish to attend are asked to notify any member of the committee as soon as possible. Only a limited number of youths may attend from the York-Adams area, Hartzell said.

The committee also announced plans to promote attendance by scout leaders at the various training sessions held at Camp Schiff, Menden, N. J., by the national Boy Scout organization.

## DROPS THEME SONG

NEW YORK (AP) — Singer Kate Smith says she won't be singing "When the Moon Comes Over the Mountain" any more.

She announced last night she was dropping the tune as her theme song after almost 27 years. It will not be heard on her new radio show on the Mutual Broadcasting System that starts next Monday, she said.

Miss Smith said she has "simply grown tired of hearing the song." She said she has sung it more than 10,000 times.

## Coming Events

January 5 — Annual Week of Prayer services open in Presbyterian Church.  
Jan. 8 — Salk vaccine clinic at Warner Hospital.  
Jan. 8 — Adams County Livestock Day with morning and afternoon meetings here.  
Jan. 8 — Gettysburg Women's Club annual benefit card party at Moose home.  
January 9 — Annual supper and reorganization meeting at Gettysburg Country Club.  
Jan. 10 — Annual meeting of Adams County Free Library Association.  
Jan. 13 — Night classes open at GHS in Recreation Association School for adults.  
Jan. 13-17 — Pennsylvania State Farm Show at Harrisburg.  
Jan. 14 — Stockholders of most county banks hold annual meetings.  
January 15 — Annual Awards banquet by Jacecs.  
Feb. 3 — Grand jury meets.  
Feb. 6 — Annual dinner for Gettysburg district employees and directors.  
Feb. 7 — National Boy Scout Week opens and Black Walnut District begins finance drive outside Gettysburg.  
Feb. 10 — February term of court opens.  
February 12 — Open bids on new grade school building here.  
Feb. 27 — Dr. Paul Dudley White, Ike's heart specialist, speaks at GHS.  
Mar. 18 — Third annual curriculum workshop by Gettysburg school teachers.  
March 21 — Three-county Odd Fellows annual banquet at Hampton.

## ADVERTISE IN THE TIMES

## Social Happenings

For Social News Phone Gettysburg 1248 or 640

**Circle Three ULCW**, Christ Lutheran Church, will meet Monday evening at the home of Mrs. Alfred E. B. Jones Jr., chairman of the circle. Mrs. Robert Trone will lead devotions. Co-hostess for the evening is Mrs. Douglas Danfelt. The telephone committee for this meeting consisted of Mrs. Herbert Schmidt and Mrs. A. R. McCauslin.

**The Harrisburg Road Home-makers Group** will meet Wednesday, at 1:30 p.m. at the home of Mrs. Earl Henderson, R. 4. The topic will be "The Care and Culture of House Plants." Each member is asked to bring a house plant or cutting.

**The Maude Miller Bible Class** of St. James Lutheran Church will meet Tuesday evening at 7:30 o'clock at the home of Mrs. Charles Sheely, Springs Ave. Mrs. Wilbert Baker, president, will preside. Among the topics to be discussed will be a special February get-together. The budget committee will set up its program for 1958 and Mrs. John Baschore, chairman of social activities, will present plans for the coming year. Plans made by the Ways and Means Committee will be presented by Mrs. Robert Smith. A social hour will follow with Mrs. Herbert Raymond as chairman. A hymn sing and devotions will be presented at the opening of the meeting.

**Mrs. David Irvin and daughters**, Allene and Elizabeth, Carlisle St., recently visited Mrs. Irvin's brother-in-law and sister, Dr. and Mrs. R. B. Nell, Nell Manor, East Berlin.

Recent visitors at the home of Mrs. Irvin were her cousins, Mr. and Mrs. Willis Crist, of Harrisburg.

**Mr. and Mrs. John H. Pitzer** have returned to their home at 224 Chambersburg St. after spending the holiday in New York City.

**Mr. and Mrs. Kenion Meals** and children, Stephen and Deborah, have returned home to their home in Takoma Park, Md., after spending the holidays with their parents, Mr. and Mrs. Luther B. Smith, 4th St., and Mrs. G. Kenion Meals, Mummaburg Rd.

**Trinity Circle of the United Church of Christ** will meet Tuesday evening after the Week of Prayer services at 8:30 o'clock in the church parlor. The hostesses will be Mrs. Sarah Kramer, Mrs. Alma Hummelbaugh, Mrs. Marion Zhea and Mrs. Pearl Saylor.

**A Crusader Youth meeting** will be held this evening at 7:30 o'clock at the Foursquare Gospel Church.

**Richard Hemler, son of Mr. and Mrs. Charles Hemler, R. 3; Charles Littleton, son of Mr. and Mrs. Paul Littleton, York St., and David Weikert, son of Mr. and Mrs. Willis Weikert, Seminary Ave.,** have returned to Philadelphia, where they are students at the Drexel Institute of Technology, after spending the holidays at their homes.

**Miss Nancy Wolff, daughter of Dr. Bruce N. Wolff, returned today to Lake Erie College, Painesville, Ohio,** after spending the holiday vacation at her home. She was accompanied by her father.

**Mr. and Mrs. G. Rodney Harbaugh** have moved from 112 Chambersburg St. to Beverly, N. J. Mr. Harbaugh is the former physical therapist at the Annie M. Warner Hospital.

**Dr. and Mrs. Edgar A. Miller, 256 Baltimore St., returned home today after spending Christmas with Mr. and Mrs. Gerald McCaul and family and Benjamin Van Doren, Scarsdale, N. Y., and New Year's with Mr. and Mrs. Herbert Schroeder and family, Rochester, N. Y.**

**Intermediate Girl Scout Troop** held its first meeting of 1958 Friday afternoon at St. James Lutheran Church. The meeting opened with a flag ceremony in which the following girls participated: Color guard, Sharon Nett and Nancy Voss; flag bearers, Joan Taughinbaugh and Roberta Swisher. The girls worked on the hospitality badge and elected new patrol members for the last half of the year. The leaders, Mrs. Paul Newman and Mrs. Ralph Bream were assisted by Miss Julia Newman, senior aide.

**Brownie Troop 57 met at Christ Lutheran Church Friday afternoon** with 15 members present. The committee for the day which included Jane Hafer, Sandra Huff, Sharon Miller and Lou Ann Schadel, presented the flag ceremony under the direction of senior aide, Lella Tharp. Songs were sung and games were played. The leaders present were Mrs. Monroe J. Dellinger, Mrs. Rex Maddox and Mrs. John Eyer.

**HERSHEY, Pa. (AP) — Lawyers for the troubled International Bakery and Confectionery Workers Union today worked on legal action to stop the defection of the Hershey local from its ranks.**

The union, expelled last month from the AFL-CIO on charges of corruption, hired a Harrisburg law firm to take its case before the courts.

A spokesman for the firm, who declined identification, said action would be taken in Dauphin County Court there by Monday.

Dr. McClelland, a dental surgeon, ran strongly in the 1954 primary election despite lack of organization support. The nomination was won by Gov. Leader.

## LIBRARY NEEDS

(Continued from Page 1)

same month last year, while school circulation totaled 22,892, an increase of more than 2,000 over the same month in 1956.

Much of the time Friday evening was spent discussing plans for the annual meeting of the library association to be held next Friday evening at 8 o'clock at the main library on E. High St. Grover C. Gouker Jr., Hanover, will be the speaker. Annual reports, election of directors and a panel discussion of library needs and services highlighted the program.

**Okay \$19,500 Budget**  
Dr. Frank Hewitson presented the report of the budget committee and the board approved a \$19,500 budget based on requested increases in amounts to be received this year from the county commissioners, the Gettysburg borough council and the school districts throughout the county. The library now is receiving the maximum from the state — \$4,000.

The budget allows less than \$2,000 additional for salaries for a short-handed staff that the board agreed "is not being paid a competitive wage now." The budget also allows \$500 less than was spent for new books in 1957. The board agreed that salaries should be reviewed at six-month intervals in the future.

President William C. Darrah presided at the meeting. There was discussion for the need for additional staff help at the main library. While services and circulation have been increasing, Mrs. Wilson pointed out that there is slightly less staff help on duty now than a year ago.

**Not Endorsing Projects**  
The board voted to renew its \$10 membership in the Council of Community Services but the vote was not unanimous. The board pointed out that renewal of its membership does not carry with it endorsement of proposals to be considered at the council's January meeting. They included "re-establishment" of a motor corps, mental health program to supplement the present clinic, establishment of a detention home.

The library board directed Mrs. Wilson to notify a local PTA group "with regret" that the board is not able to grant a request for use of the library's second floor for a bake sale on a Thursday afternoon.

In addition to President Darrah and Mrs. Wilson, these directors attended: Miss Ann Faber, Mrs. C. T. Ziegler, H. Thomas Pyle, J. Albert Blackburn, Dr. Hewitson and Dean Asquith.

## 2,450 FARMERS

(Continued from Page 1)

year should not bank on getting a higher, or even as high a payment this year.

**Reappraise Farms**  
A general reappraisal of farms has been made, Miller said, and some will get higher, some lower amounts for land put into the soil bank. The amount is based upon the return that the farmer normally would get from his corn acreage. Thus the payments vary from farm to farm.

Farmers who may wish to put corn land into the soil bank may do so between January 13 and March 7.

For 223 of the farmers in the county there will be no need to give many figures if they wish to put corn land into the soil bank. They are the farmers who have already put 2,398 wheat acres into the soil bank and will receive \$34,999 for placing the land in the bank. Average payments for wheat land are \$26 per acre.

**25 Entire Farms In**  
The number of farms putting wheat land into the soil bank this year shows a great increase over 1957. Last year 142 farms put wheat acreage into the soil bank, this year 228.

Miller also reported that 25 entire farms have been placed in the soil bank so far in Adams County. No total acreage was immediately available for the 25 farms but they were part of 72 farms in which part or all of the farms have been put in; long term soil bank program ranging from three to ten years. The 72 farmers are receiving \$23,339 per year from the portions of their farms in the soil bank.

## MRS. PALMER

(Continued from Page 1)

Daniel A. Shank, Hanover R. 2; Francis D. Palmer, McSherrystown; Mrs. William H. Wertz, Elizabethtown, and Mrs. Robert S. Houck, Hanover. There are 19 grandchildren and six great-grandchildren.

A sister, Mrs. Harry Fritz, York, and a step-sister, Mrs. Hattie Rohrbach, Hanover, also survive.

The deceased was a member of the First Lutheran Church of New Oxford and of its Ladies' Aid Society. She was also a member of the Ladies' Auxiliary of the New Oxford Fire Company.

Funeral services Tuesday afternoon at 2 o'clock at the Fred P. Feiser Funeral Home, New Oxford, with her pastor, the Rev. Dr. George E. Sheffer, officiating. Interment in the New Oxford Cemetery. Friends may call at the funeral home Monday evening after 7 o'clock.

## Engagements

MISS TATE

Mr. and Mrs. Charles Tate, Idaville, announce the engagement of their daughter, Janet, to Elmer Borrich, son of Mr. and Mrs. R. E. Borrich, Carlisle.

Miss Tate is employed at the Lane Studio, Gettysburg, and Mr. Borrich is an employee at the Middlesex Servicenter, Carlisle, R. 11.

No date has been announced for the wedding.

## Sease—Turner

Mr. and Mrs. William G. Turner, 650 York St., announce the engagement of their daughter, Miss Fern E. Turner, to Charles W. Sease Jr., son of Mr. and Mrs. Charles W. Sease Sr., Gettysburg R. 3.

The bride-to-be is an employee of the W. T. Grant Store in Gettysburg. The bridegroom-to-be is employed at the Pitzer Truck Terminal at Aspers. No date has been set for the wedding.

## Martin—Font

Mr. and Mrs. Ray L. Font, Orrtanna R. 1, announce the engagement of their daughter, Darlene E., to LeRoy C. Martin, son of Mr. and Mrs. Franz C. Martin Jr., R. 2.

Miss Font is a member of the Junior class at Gettysburg High School. Mr. Martin is a graduate of Gettysburg High School with the class of 1957 and is now employed by the Keystone Ridgeway Corporation.

No date has been set for the wedding.

## Fitzgerald—Sicilia

Mr. and Mrs. Peter Sicilia, Creagerstown, Md., announce the engagement of their daughter, Dolores, to Thomas S. Fitzgerald, son of Mrs. Naomi P. Fitzgerald of Philadelphia.

The bride-elect, a graduate of Thurmont High School, is a senior year student at St. Joseph College, Emmitsburg. She is majoring in science.

Mr. Fitzgerald graduated from Walkersville High School in 1954 and recently completed training at the Aviation Cadet School in Harlingen, Tex. He is presently serving as navigator for the U. S. Air Force at Warner Robins, Ga. A September wedding is planned.

## Wedding

### Cape—Brown

Miss Jean L. Brown, daughter of Mr. and Mrs. Robert E. Brown, New Oxford R. 1, and Kenneth L. Cape, son of Mr. and Mrs. John E. Cape, Brodbeck's P. 1, were married at the Methodist parsonage in Westminster, Md., at 7 p.m. Friday, Dec. 20. The Rev. Harold R. Hodgson, pastor, officiated at the double-ring ceremony.

Mr. and Mrs. Dean Fuhrman attended the couple. The bride is a graduate of New Oxford High School, attended York Junior College and is now employed as payroll clerk at the Autokraft Box Corp., Hanover. The bridegroom attended Hanover High School and is now employed by Asplundh Co., Baltimore. The couple will reside at 209 East Walnut St., Hanover.

## COUNTIAN HURT

(Continued from Page 1)

left hand and brush burns; his wife, 50, sustained contusions of the head, sprained left foot and cuts about the knees, and their son, laceration of the lip and bruised knees.

Hanover police said Shavrick was driving north on Baltimore St. and struck a vehicle moving west on Hanover St. operated by John R. Roberts, Hanover. After the impact the Shavrick machine struck the parked car owned by Donald R. Sheffer, East Berlin and pushed the Sheffer auto into a parked car owned by Monica T. Shaw, McSherrystown.

Damage was estimated at \$600 to the Shavrick car, \$400 to the Roberts vehicle, \$1,200 to the Sheffer machine, and \$500 to the Shaw auto.

Shavrick was fined \$5, plus \$5 costs, on a charge of passing a red light.

## SPRAIN WRIST

Edward A. Hughes, 45, R. 3, was treated at the Warner Hospital Friday for a sprain of his right wrist received while carrying furniture.

INGLEWOOD, Calif. (AP) — The chief of the Strategic Air Command has announced that the Air Force plans to fire Atlas intercontinental ballistic missiles thousands of miles out over the Pacific.

## ADVERTISE IN THE TIMES

**The Wensville Methodist Youth Fellowship** will meet at the church at 7 o'clock Tuesday evening.

**The Bendersville Community Fire Company** will meet Wednesday evening at 7:30 o'clock at the fire hall. The refreshment committee includes Luther Lobaugh and Harry Lerew.

## DEATHS

### Harry C. Baublitz

Harry Clinton Baublitz, 56, husband of Mrs. Marian Alveta Baker Baublitz, 12 York St., Hanover, died Thursday at 6:10 p.m. at the Hanover Hospital where he was admitted as a surgical patient three weeks ago.

He was formerly employed by Borg-Warner Corp., York. Mr. Baublitz was a son of Samuel T. Baublitz, Hanover, and the late Jennie W. Baublitz, who died in 1943. He was a member of Lohr's Memorial EUB Church; Hanover Lodge 227, Loyal Order of Moose; Hanover Aerie 1406, Fraternal Order of Eagles; the Hanover Home Association; Hanover Fire Co. for which he once served as driver, and the Firemen's Association of York County.

Surviving are his wife, a native of Orrtanna; his father, two sons, Harry E. Baublitz, Naval Training Center, Bainbridge, Md., and Ronald M. Baublitz, at home; a stepson, Leon G. Baker, at home, and a brother and sister, George Baublitz and Mrs. LaRue I. Miller, Hanover. Funeral services Monday at 10 a.m. at the Paul W. Panabaker Funeral Home, Broadway, Hanover. The Rev. Dr. Russell C. Oyer, his pastor, will officiate. Burial in Mt. Olivet Cemetery, Hanover. Friends may call at the funeral home between 2 p.m. Sunday and the hour of the funeral.

### Clayton F. Lehman

Clayton Frey Lehman, 61, of Chambersburg R. 2, died at 4:40 o'clock at his home after a nine-week illness.

He was born on November 19, 1896, in Chambersburg, and was a son of Mrs. Eleanor Frey Lehman, Chambersburg R. 2, and the late Rev. Joseph E. Lehman.

Mr. Lehman was a member of the Chambersburg Mennonite Church. He was engaged in farming most of his life, and for the past four years, was employed as a carpenter by a Chambersburg contractor.

Surviving are his wife, Mrs. Mary Elizabeth Witmer Lehman; four daughters and three sons; Mrs. Menno Martin, Hagerstown R. 6; Mrs. Earl M. Miller, Hagerstown R. 4; Mrs. Marlin L. Frey, Chambersburg R. 2; Mrs. Walter L. Martin, Hagerstown R. 6; Edgar W. Lehman and J. Wilmer Lehman, both of Chambersburg R. 2, and Richard C., at home; his mother; 25 grandchildren; four brothers and sisters: Amos F. Lehman, Waynesboro R. 3; Bruce F., Chambersburg R. 2; the Rev. Howard P. Lehman, Willow Hill; Paul F. Lehman and Miss Ruth F. Lehman, both of Chambersburg R. 2, and Mrs. Harold Herr, Gettysburg R. 3.

Funeral services Monday morning, with the cortege meeting at the residence at 9:30 o'clock, and services at the Chambersburg Mennonite Church at 10 o'clock. Bishop Amos Martin and the Revs. Harold Hunsicker and Omar Martin will officiate. Burial in the cemetery adjoining the church.

Friends may call at the residence on Sunday afternoon and evening. The family has requested that flowers be omitted.

**Mrs. Annie C. Spangler**

Mrs. Annie C. Spangler, 84, widow of Jacob A. Spangler, Littlestown R. 2, died this morning at 9:45 o'clock at her home following a lengthy illness.

**Mrs. Anna Grace Ferguson**

Mrs. Anna Grace Ferguson, 76, widow of John W. Ferguson, died Thursday morning at the home of her daughter, Mrs. Eloise Smith, Smithsburg, Md., after an illness of five weeks.

Born at Charman, she was the daughter of Andy and Anna (Young) Stoner. She had lived most of her life in Smithsburg.

Surviving are a son, John A. Ferguson, Revere, Mass.; daughters, Mrs. Doris J. Hershberger, Mrs. Christine Lookabaugh, Mrs. Jeanette Smith, Mrs. Eloise P. Smith, Baltimore; sister, Mrs. Russell D. Jones, Baltimore; 12 grandchildren and eight great-grandchildren.

Funeral services at the Minnich Funeral Home, Smithsburg, today at 3 p.m. conducted by the Rev. Bernard A. Jennings. Interment in the Smithsburg Lutheran Cemetery.

Ferdinand de Lesseps, who built the Suez Canal, had no engineering experience.

## Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times  
TEN YEARS AGO

**New Year Gets Quiet Welcome In Gettysburg.** The New Year received a relatively quiet and peaceful welcome to Adams county.

While approximately 3,000 well-wishers in clubs and taverns, hotels and amusement centers stopped at the stroke of midnight to raise voices to the strains of "Auld Lang Syne" and then with noisemakers and voices stirred the traditional din to mark the changeover from one year to another, the celebration was, in comparison with other years, quieter than usual.

Blazing lights in many homes indicated that home parties were being held, but the streets were quiet and in Gettysburg, at least, there were fewer cars and people in evidence during the earlier hours than is customary on an ordinary Saturday night.

275 Marriage Licenses, 29 Divorces  
In '47: Dan Cupid did very well in Adams county last year.

While the course of true love was leading to the court house on 275 occasions for marriage licenses, domestic difficulties wound up only 29 times in the divorce courts.

Decrease In 1947 Mishaps Over '46 Toll: There were eight more automobile accidents in the borough of Gettysburg during 1947 than in 1946, but both the amount of property damage and the number of persons injured showed a decrease. Property damage in the 91 accidents investigated during 1947 amounted to \$10,740.44, compared with a total damage in 1946 of \$12,066. Only three persons were injured in the past 12 months while in 1946 there were 19 persons injured in auto accidents in the borough.

General Weikert Ordered To Japan: Brigadier General John M. Weikert, son of Mr. and Mrs. William Weikert, of McKnightstown, has been transferred from command of the Mobile Air Materiel Area, Brookley Field, Ala., to Japan, according to word received by The Times today.

Local Firemen Respond To 84 Calls In 1947: The Gettysburg Fire department during 1947 again demonstrated its value and importance to the community and to that part of Adams county within its range of service. It answered 84 calls during the 12 months, 42 of them in the borough and 42 outside.

Ends Service As Weather Bureau's Local Observer: Dr. Henry Stewart on Friday ended 21 and a half years as volunteer observer for the U. S. Weather Bureau in Gettysburg. Dr. Stewart, who succeeded the late Col. E. B. Cope as local observer, performed the duties without any compensation. He made daily observations and sent the regular reports to the weather bureau.

Going far beyond the required services, Dr. Stewart compiled complete weather statistics for Gettysburg from 1903 to the present. He also has made charts showing fluctuations in weather conditions here for the last four decades. He gave up the post as local observer for reasons of health.

The new observer is Hugh C. McIlhenny of The Gettysburg Times news staff.

Last Year Was Almost 10 In. Short On Rain: The year 1947 went down in the weather records as and far short of rainfall.

Records of Dr. Henry Stewart, local weather observer, showed the year was nearly 10 inches below the normal rainfall. The total precipitation for the year was only 32.21 inches. The 1947 shortage of rain followed a shortage of nearly five inches in 1946.

B. E. Bixler To Be Probation Officer On New Full Time Basis: The appointment of B. E. Bixler, White Hall, deputy sheriff in Adams county for the last 20 years, as the county's first full time probation officer was announced by the court this morning. He succeeds James B. Aumen who resigned as part time probation officer due to ill health.

## Today's Talk

### SELF-APPROVAL

We are our own best critic, adviser, and friend. To gain the approval of oneself is of greater value than to gain it from anyone else. In Shakespeare we read these famous lines: "To thine own self be true, and it must follow as the night the day, thou canst not then be false to any man." And in that great poem "Kasidah" Burton said this: "From none but self expect applause."

No one can appraise us as accurately as we can ourselves. We ought to take pride in this fact. Self-approval is more valuable to us than approval from any other source. It gives to us the most satisfaction, and makes us the most influential. People trust the one who trusts himself!

All through life we are faced with problems, and most of them we have to solve alone. This is to our advantage, for we grow stronger each time that we make a definite decision. Many and many a time we must fall back upon ourselves for self-approval. Integrity, courage, and faith start with all that we are. Great characters are set apart as the "strong men." Thoreau said: "Public opinion is a weak tyrant, compared with our private opinion. What a man thinks of himself, that it is which determines, or rather indicates his fate."

The lasting and living are those with independence of mind and action. Character is something that we build within us, and demonstrate to the world, or in our separate still among others. We are happiest when we gain our own victories, and become an example to our fellowman. We need to be patient, wrapped in humility, backed by our own courage. Nothing can be so free as the mind. Self-approval is something that we borrow from our Creator.

Protected, 1958, by The George Matthew Adams Service

## Just Folks

### HE HAS NOT LIVED IN VAIN

He has not lived in vain  
If men can say  
When he has passed away:  
"He labored not for gain."

If one can truly say:  
"I loved him for his smile;  
He walked with me a mile  
And cheered my weary way."

If only one shall stand  
And sadly murmur this:  
"My friend, my friend I'll miss  
The pressure of your hand."

If only this remain:  
One heart that he has cheered,  
His monument is reared;  
He has not lived in vain.

## NUCLEAR POWER SUB IS SOUGHT

NEW YORK (AP) — The Navy is proposing that the United States' first nuclear-powered airplane be a seaplane, the New York Times said Friday.

In a Washington dispatch, the Times said the Navy outlined its proposal Thursday at a high-level meeting in the office of Deputy Secretary of Defense Donald A. Quarles.

The Times story continued: The meeting was called to discuss plans for nuclear-powered planes and whether to speed the development schedule by placing an atomic power plant in an existing airplane.

High officials of the Navy, Air Force and the Atomic Energy Commission attended. No final decision was reached, it was understood.

### Antisub Use

A note of interservice competition was thus added to the Defense Department's forthcoming decision establishing a firm plan for flying the first nuclear-powered plane.

The Navy proposes adapting existing seaplanes for nuclear power in a joint project with the Air Force. The plane, the Navy says, would be valuable for antisubmarine warfare, for patrol work and for early radar warning of an enemy attack.

The Air Force has favored a supersonic nuclear bomber that would fly faster than 700 miles an hour.

## RHODES TO BE TRIED AS SPY

WASHINGTON (AP)—M. Sgt. Roy A. Rhodes, who had admitted selling military information to the Russians while stationed in Moscow, will face a general court-martial on spying charges. An Army announcement said Rhodes will be tried at Ft. Lesley J. McNair here. No trial date was set.

Rhodes, 40, testified during the espionage trial of Soviet Col. Rudolph Abel in New York last Octo-

## Let's Look At The Record

By Jim Dan Hill, Ph.D.

### BIG NEWS OF '57 Events de Novo Scare Through 1957: Sputnik The Top News Story Of Decade

THE PUNDITS have been picking the "biggest news stories of 1957." It seems to be an incurable, New Year pastime.

Actually, in national and international affairs, there have not been as many as ten, truly big stories. 1957 has been more a year of trends and continuations than it has been a producer of what one might call events de novo.

**THE DEEP DIPS** in the stock market, to be sure, made big headlines. They have triggered considerable talk of a business recession. But everyone knew the market could not go up forever; and, further, that the market never stands still. Hence, when it quit going up, it would most likely go down.

In other words, the stock market dips have been trends strongly geared to a more or less normal flow of events. And so are the business fluctuations, for which the stock market is normally considered a good barometer.

**ON THE CRIME** front, the unsolved rubbing out of an odious and perniciously noxious character by the name of Albert Anastasia stopped radio programs for flash announcements.

Anastasia was a racketeer and is said to have once been the chief executioner for an underworld organization that specialized in rubbing out others for a fee.

That a person in that business is suddenly rubbed out, himself, should not have produced such startling headlines, but it did.

One suggestion in explanation came from an editorial writer who expressed surprise that a man with his record could live almost the allotted three score and ten, and with such ostentatious prosperity. Such monstrous proof that crime, if well enough organized, can and often does pay naturally creates a big story.

**A LESSER STORY**, which seems to be an outgrowth of the Anastasia case, may well lead to even bigger headlines in 1958.

## CITES NEED FOR SCIENTISTS IN U. S. EMBASSIES

WASHINGTON (AP) — A leading American scientist said Friday keeping the country informed on foreign scientific advances is only one of the benefits of having scientists attached to U.S. embassies around the world.

Dr. Lloyd V. Berkner, president of Associated Universities Inc., said even greater values stem from scientists' ability to promote scientific exchange and to advise ambassadors on policy matters where science plays a role.

Berkner added in an interview that he was certainly delighted by Thursday's disclosure that the State Department plans to revive a practice of placing science attaches in important overseas posts.

**\$200,000 Program**  
Officials outlined a \$200,000 program for appointment of perhaps a dozen of the science diplomats to places like London, Bonn, Paris, Stockholm, Tokyo, New Delhi, Beirut, a couple of Latin-American capitals and maybe Moscow.

These officials said money for the revived program would be included in President Eisenhower's new budget requests.

The plans came to light after the House Government Information subcommittee released a letter by Chairman Moss (D-Calif.) asking Secretary of State Dulles what the State Department had done about the committee's 1955 recommendation that the science attaché system be revived.

## Car Runs Off Road Driver Is Killed

McCONNELLSBURG, Pa. (AP) — An auto ran off Route 30 west of McConnellsburg early Friday, killing a young driver and seriously injuring another youth.

The victim was Gary Hendershot, 18, Richard Carbaugh, also 18, a passenger, was reported in fair condition at the Fulton County Medical Center with a concussion and numerous cuts and bruises. Both boys lived in rural McConnellsburg.

State police said Hendershot's car dropped into a four-foot ditch and crashed into an abutment after running off the highway.

ber that he was paid the equivalent of \$2,500 to \$3,000 in rubles for giving information to the Russians while stationed at the U.S. Embassy in Moscow.

The Eatonton, N.J., soldier's name was found in some of the Russian colonel's documents. Abel, convicted of espionage and given a 30-year sentence, is appealing.

If convicted, Rhodes would face a maximum penalty of life imprisonment, dishonorable discharge and loss of all pay and allowances.

On the night of November 14, about three weeks after Anastasia's demise in front of flaming pistols as he sat in a barber chair of one of New York City's swank hotels, a country police sergeant in up state New York showed rare initiative.

On a well grounded suspicion he threw road blocks around a hundred-thousand-dollar, hilltop mansion in the hamlet of Apalachin. He appears to have bagged, booked and released for inadequate evidence the entire top echelon of a criminal fraternity known as the Unione Sicilienne.

It is believed the purpose of the meeting, for which the host had bought four hundred dollars worth of special cuts of best meats, was to fill the vacancy created by Anastasia's demise.

If this raid leads to the cracking and the destruction of the underworld fraternity, long a blight on American law enforcement and justice, it will be the biggest crime news story since Al Capone went to jail.

But only time can tell. And that is another reason why trying to pick news stories of true significance is often a futile if not idle pastime.

**SPUTNIK?** Yes, indeed! There you have a real news story of the first magnitude in any year. The most astounding thing about it is the peculiar turn it took in the thinking of mankind and the manner in which it has become an instrument of propaganda rather than of the pure science that was intended.

For the preceding two years, science magazines and feature stories in Sunday editions had been telling the world that 1957 was a geophysical year of world-wide, cooperative effort toward finding out more about the world, and the space through which it moves with such orderly, mathematical precision.

Proposed, artificial satellites through rocketry had often been publicly reviewed, printed, discussed. All agreed such a gadget, filled with proper instruments, could garner for science much about outer space we have never known.

Since no one but the armed forces had rockets approaching such capabilities, the Defense Department went along with the geophysicists with a promise to toss one into the wide, blue yonder. It was given a comparatively low priority in money and time. America was crying for economy.

The most exacting demands of controlling a five-thousand-mile rocket to the precise spot where one wants it to land seemed more pertinent to American defense — which indeed it is!

**CAME** Russia's announcement of their Sputnik's success. It was at a science party in the Russian Embassy. There was pride in a science achievement — a contribution to the International Geophysical Year of 1957-58.

To American headline writers it was an omen of alarm. Within forty-eight hours the science instrument had become a weapon of terror. Khrushchev suddenly discovered he had a propaganda device.

Had England tossed that little gadget into the skies, would world reactions been the same? Hardly. Probably no more than congratulations that they had beaten us in helping the geophysicists.

That in Russia's hands it is an instrument of fear is purely because Russia is governed by a cruel, ruthless dictatorship — and the world has learned to fear dictators. It is this that has made Sputnik the super-duper news story of the decade.

## One Killed, Four Hurt In Accident

PHILADELPHIA (AP) — An 18-year-old boy was killed and four other youths in a car in which he was riding were injured last night in a violent two-car crash in West Philadelphia.

Killed was Patrick Plower, Philadelphia, recently discharged from the Navy. He was pronounced dead on arrival at Lankenau Hospital.

Accident Investigation Patrolman John Thomas said the car was driven by Harold Goldate, 18, who started to pass an auto driven by Dr. Rotan Lee, 51, of Bryn Mawr, Pa., who also was hurt in the accident.

GEORGE A. SMITH

George A. Smith has been appointed general agent for the Harrisburg area of the Ohio National Life Insurance Company, Cincinnati. He succeeds George Wade who retired December 31 after 37 years with the company.

Mr. Smith joined the company in 1951 as an associate of the George Wade Agency. He is a native of Adams County, the son of Mrs. Marion B. Smith and the late George P. Smith, York Springs. He attended York Springs Schools and served in the Army during World War II.

## ARMED GUARDS MOVE AEC TO NEW QUARTERS

By FRANK CAREY

WASHINGTON (AP) — Armed guards rode with hush-hush documents today as the Atomic Energy Commission moved to its new headquarters 30 miles from Washington.

The AEC began last night what has been unofficially called the biggest single moving job in the history of the nation's capital.

It involves transferring about six million pounds of AEC supplies and equipment — ranging from typewriters, desks and wastebaskets to piles of secret documents concerning A-bombs and H-bombs—to a new 13 million dollar building in rustic Germantown, Md. The shift is costing an estimated \$40,000.

Between now and the morning of Jan. 14 a moving firm expects to haul 275 vansloads from AEC's present two buildings in downtown Washington. It will be a round-the-clock job.

The secret documents constitute only a fraction of the total weight to be moved—30 to 40 tons of the 3,000 ton total. But, if piled one on top of the other, the documents would reach a height of possibly 2,500 feet—almost five times as high as the Washington Monument.

**Hauled In Safes**  
The secret material is being transported in safes with combination locks, or in double-packed sealed cartons.

One of AEC's security guards rides beside the driver in each van containing such material, and another follows in an automobile. Each guard wears a pistol.

The new building is designed to withstand the blast if an H-bomb were dropped on Washington 30 miles away. An AEC official has said that even if the capital were hit with "the worst thermonuclear bomb we could think of," the building in Germantown would withstand the shock.

**Safeguard Denies**  
The building also is equipped with electronic and electrical devices designed to safeguard its secrets.

The move to Germantown will mean that some of AEC's 1,060 employees will travel as much as 80 miles a day, roundtrip. About 700 of them will report for work at Germantown next Tuesday.

To lighten employees' traveling problems, the AEC has arranged to subsidize transportation covering 13 routes between the new building and downtown Washington and suburban Virginia and Maryland.

Brunswick stew got its name from Brunswick County, Virginia.

## PREPARE "HOT SEAT" FOR SEC'Y. BENSON JAN. 13

WASHINGTON (AP) — Some Republican and Democratic senators today warmed up the hot seat for Secretary of Agriculture Benson.

Chairman Ellender (D-La.) said he expects the Senate Agriculture Committee will call Benson sometime during the work week starting Jan. 13, and that he would be surprised if the questioning does not take up at least two days. Some committee members said the questioning will be sharply critical.

Benson long has been a target of many farm state Congress members. His recent announcement of plans to cut dairy price supports April 1 and his espousal of lower supports in general have sparked new criticism of him.

**"A Little Warm"**  
When a newsmen suggested that statements from some Agriculture Committee members indicate they plan a hot reception for Benson, Sen. Thye (R-Minn.) said, "The seat will be a little warm."

Thye said in an interview he intends to fight Benson's announced decision to reduce dairy supports. Calling Benson "absolutely wrong," Thye said, "I'm going to block that if it's within my ability."

Benson announced Dec. 18 that dairy price supports for the marketing year starting April 1 will be cut to 75 per cent of parity. Present support levels range up to 83 per cent.

**Some Qualified Approval**  
In announcing his decision, Benson said the lower support level should reduce retail prices of butter, cheese and milk and should yield substantial savings for the taxpayers.

Ellender told a news conference he will "oppose any piecemeal approach" to enacting laws to solve farm problems. He said his goal is an over-all bill.

While criticizing some major aspects of Benson's farm policies, Ellender voiced qualified approval of the secretary's decision on dairy supports. "If the losses are anything like Benson says they have been, then he is right in lowering the supports," Ellender said.

## Russia Appoints U. S. Ambassador

WASHINGTON (AP) — A top-ranking economic negotiator, Mikhail A. Menshikov, has been accepted as the new Russian ambassador to the United States.

Diplomatic officials said the State Department formally notified the Soviet government that Menshikov was acceptable after considering the nomination for two weeks.

Menshikov, a former envoy to India, was credited with being the driving force behind major economic deals with that nation. His new appointment was seen as a sign that Moscow plans to intensify the Russian campaign to increase trade with the United States, particularly in strategic materials.

The suave, well-tailored diplomat will replace Georgi N. Zarubin, who is to become deputy foreign minister in charge of personnel. Zarubin is expected to leave in about two weeks.

## JIMENEZ WILL HOLD RECEPTION

CARACAS, Venezuela (AP)—President Marcos Perez Jimenez planned to hold his traditional New Year's diplomatic reception today. It had been scheduled for Jan. 1 but a short-lived insurrection kept both the President and diplomats too busy.

Caracas appeared calm now as rebel activity by some air force and army units was reported finished throughout the country.

The back of the revolt was broken barely 24 hours after it began when government forces seized the key air force base of Maracay 45 miles west of Caracas and moved into Los Teques. Some air force rebels fled to Colombia.

An informed source in Vatican City predicted that the course of the events would bring a worsening of relations between the Vatican and Venezuela.

Archbishop Rafael Arias Blanco of Caracas issued a pastoral letter last spring criticizing what he called maldistribution of oil-rich Venezuela's wealth. He charged it did not benefit the bulk of the population.

# BUILDING AND FARM

## Fall And Winter Good Time To Improve Farm Woodlands, County Farm Agent States

By FRANK ZETTEL  
County Farm Agent

Fall and winter is an ideal time to improve woodlands and harvest a timber crop.

Farmers may receive payments for certain woodland improvement practices carried out under the government's ACP program, he points out. Federal cost-sharing will be 75 per cent of the actual cost up to \$40 of the following improvement measures: thinning young, dense stands; pruning crop trees, removing or killing competing and undesirable vegetation to release desirable trees and seedlings or preparing a site for natural reseed.

Farmers also may receive payment for fencing, other than farm boundary and road fences, to exclude livestock. Federal cost-sharing for fencing will be \$1 a rod.

The following are the minimum requirements for compliance under the ACP woodland improvement program.

The area must be protected against fire and grazing.

No federal cost-sharing will be allowed for any area from which merchantable products are harvested in the process of carrying out the practice, unless a district forester of the Penna. Department of Forests and Waters determines the primary purpose of the operation was to improve the residual stand of trees.

A fence must have a minimum of three stands of barbed wire with black locust or equally durable posts spaced no farther than one rod apart.

The agricultural extension forester or county agent will help determine the improvement measures necessary for performance of the practice.

**Chemicals Control Weeds**

Weed control in strawberry plantings is divided into summer control, and fall and winter control.

Many of the standard materials used for weed control are not satisfactory in strawberries, because the strawberry plant is a broadleaf, and the same materials which kill broadleaf weeds tend to kill or injure the strawberry plant. In Pennsylvania, the best control to date has been the use of Crag Herbicide No. 1. However, since Crag No. 1 is somewhat mild in its action, it can be used effectively only when the strawberry planting is free from

weeds. Thus best results are secured if it is applied immediately after cultivation and hoeing. This will give weed protection for about 5 or 6 weeks. Thereafter the planting must be cultivated and hoed before another application is made. Usually two summer applications are made per season.

### Seasonal Controls

In summer use two or three pounds of Crag Herbicide No. 1 in sufficient water to cover one acre.

For fall and winter control of chickweed in strawberry plantings two materials have been found to be effective: Chloro I.P.C. and Dinitro.

Chloro I.P.C. has the advantage of permitting earlier applications and earlier control in the late fall. It can be used most effectively in the last half of November and the first two weeks of December. Because of the time advantage, winter mulching can be done within a week or so after application. For late fall use two pounds of Chloro I.P.C. in 50-75 gallons of water per acre. Dinitro solutions (2 pounds of Dinitro in 50-75 gallons of water per acre) can be applied from mid-January to mid-February with good results. The material is usually available to spray material stores and other supply sources.

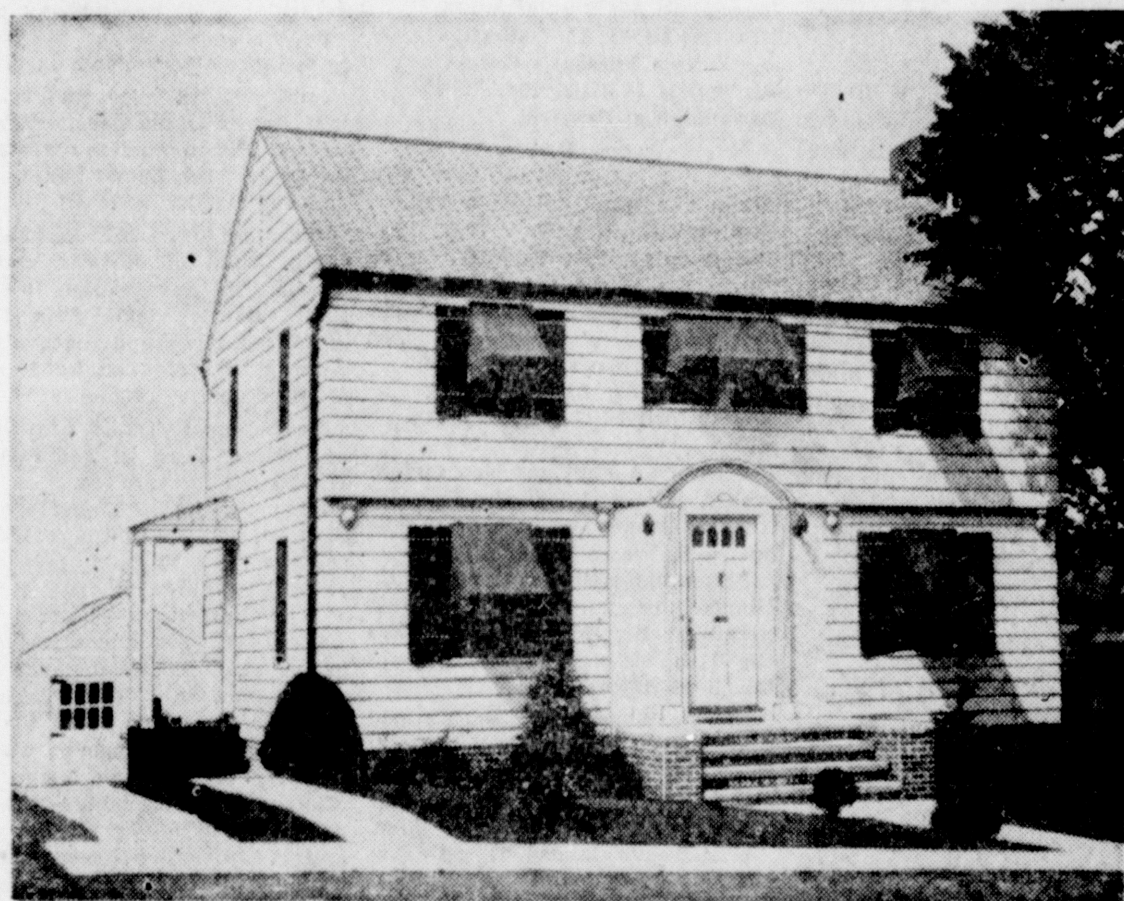

### Fire Fighting Equipment

The best time to fight a fire is long before it ever starts.

The first line of defense is a clean home and farm, fire safe construction including a safe heating plant, and fire-resistant roofing. The second line of defense is farm fire-fighting equipment that should be handy and regularly tested to make sure it is in good working condition.

Farmers are advised to have on hand at all times these emergency items:

1. An adequate supply of water for fire trucks and portable pumps.
2. Approved fire extinguishers conveniently placed near all danger spots — the barn, machine shed, and storage tanks of gasoline and kerosene. Extinguishers should be recharged when recommended by the manufacturer.
3. Garden hose and water buckets in various places in and around buildings.
4. Ladders to reach the highest roof tops and windows. And don't forget the silo.

SPECIFICATIONS

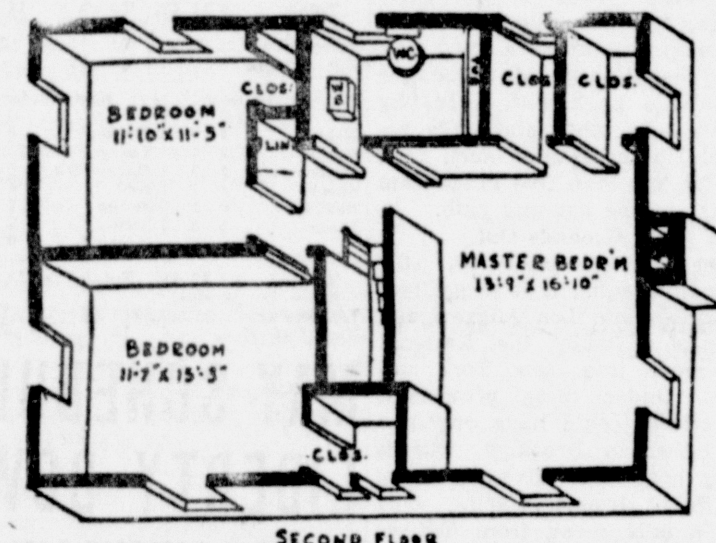

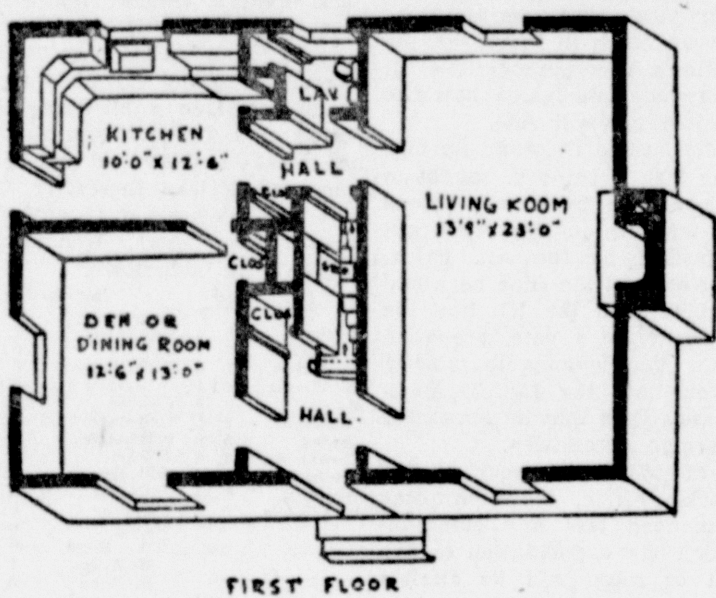

Rooms	Six
Bedrooms	Three
Closets	Seven
Dimensions	32½ by 23½ feet
Cubage	20,872 feet

Two-story homes are always popular and when a two-story house is as attractively designed as "The Hedy," this week's presentation from the Home of the Week Plan Service, it is certain to be in demand with a larger number of prospective home builders.

Designed along lines that are always "in style," this attractive home is as suitable for construction in the city as in the suburbs. And, although there are six rooms in the house it measures only 32 feet, 6 inches by 23 feet. Thus, you'll get a lot of living space in a relatively small area if you build this house.

If you also want a garage — which is suggested in the illustration but not included in the floor plan — you'll need a larger lot of land. And, even though you don't choose to have the garage constructed at the same time as the house you'll be wise to buy a lot that is large enough to accommodate one if you choose to build it at a later date.

**55-Foot Lot Enough**  
You can have the house built on approximately a 55-foot lot. However, you should allow about another 20 feet of land if you plan to have a garage constructed. Cub-

age of the house is 2,872 feet.

The kitchen, dining room and living room are located on the first floor of the house. If you don't finish the second story immediately after the house is constructed you can use the den or dining room as a bedroom.

Three large bedrooms are located on the second floor. And, in all of these bedrooms — as throughout

the house — there is ample storage space. Each of these rooms also features excellent lighting and ventilation.

A fireplace is suggested for the living room. And the abundance of unbroken wall space will make furniture arrangement very easy in this room.

**All-Modern Kitchen**  
The all-modern kitchen has

everything you need within easy reach. And, although no breakfast nook is included in the plan, this is no inconvenience because the dining room opens directly off the kitchen.

There is no space in the house proper for the laundry equipment. Therefore this must be installed in the basement; it should be located under the kitchen or bath. The heating plant then should be placed under the living room.

A home of this style will be equally attractive in any setting. Choice of exterior finish depends largely upon personal preference. This plan is approved by both the VHA and the FHA.

Complete plans and specifications for this house and all other "Home of the Week" designs are available at moderate cost.

For plan prices, write to the Home Building Editor, The Gettysburg Times, Dept. 18, and enclose a self-addressed, 3c stamped envelope. Allow 7 to 10 days for a reply.

**SHAREHOLDERS' MEETING** Notice to Shareholders of the Adams County Building and Loan Association. Notice is hereby given that the regular annual meeting of the stockholders of the Adams County Building and Loan Association will be held in the Law Office of Charles Wolf, Baltimore St., Gettysburg, Pennsylvania, Tuesday evening, January 14, 1958, at 7:30 p.m., for the purpose of electing officers for the ensuing year and for the transaction of such other business as may be brought before the meeting.

**C. LESLIE FAIR** Secretary

## LEGAL NOTICE

**ANNUAL MEETING OF POLICYHOLDERS** Notice is hereby given that the annual meeting of the policyholders of the Adams County Mutual Fire Insurance Company will be held at the office of the secretary, at 59 York St., Gettysburg, Adams County, Pennsylvania, on Monday, January 13, 1958, between the hours of 1:30 and 2:30 o'clock, p.m., for the purpose of electing four directors and transacting such other business as may properly come before the meeting.

**PHILIP M. DUNN**, Secretary

## WILL OBSERVE

(Continued from Page 1)  
Kuhn to come up and manage it, and that the young couple did.

After two years in New York, the young couple returned at parental insistence to help operate the "home farm."

**Ex-President of Firemen**  
They moved onto the farm of Mrs. Kuhn's father, the late Isaac Mickle and began building up the fruit holdings there until today the Kuhn farm is mostly fruit. Mr. and Mrs. Kuhn today reside in the home in Cashtown in which Mrs. Kuhn was born. The house was built in 1861.

Mrs. Kuhn is a daughter of the late Isaac and Ida (Trostle) Mickle. Mr. Kuhn, a son of the late Abner and Rebecca (Stover) Kuhn is also a native of the Cashtown area.

During the years he has developed an outstanding fruit farm at Cashtown, Mr. Kuhn has also been active in community affairs and twice served as president of the Cashtown Community Fire Company.

The couple has six living children: Mrs. Charles Fellman, Emma; C. William Kuhn, Red Patch Ave.; Mrs. Arthur Phil, Gettysburg R. 3; Donald E. Kuhn, Cashtown; Kenneth I. Kuhn, Cashtown, and Floyd A. Kuhn, Orrtanna R. 1.

## DR. NOWINSKI EXPLAINS WHY HE LEFT POLAND

**By BEN PRICE**  
BALTIMORE (AP) — Dr. Jerzy Leon Nowinski, one of Poland's top theoretical scientists, says he defected to this country to escape "political, moral and religious conditions" in his native land.

"It is this feeling of freedom we feel so strongly in the United States that compares with the difficult problem of living in Poland," the 52-year-old mathematical wizard told a news conference yesterday.

Nowinski arrived here Nov. 16 as a guest professor at Johns Hopkins University. He applied to the FBI for refuge shortly after learning his wife and 7-year-old daughter had reached safety in England.

**Specialist On Stresses**  
The 5-foot, 6-inch scientist who holds a doctorate from the Warsaw Technical University is internationally known as a specialist in thermoelasticity—the study of stresses caused by heat on materials.

Discussing his reasons for defecting, Nowinski said he was "rather disappointed with the political, moral and religious conditions in Poland after the war."

Nowinski, a Catholic, also said he and his wife had decided that their daughter "must attend a school with better religious and moral conditions" than the communist schools of Poland.

**Worried About Effects**  
While Nowinski did not say so himself, it was known here that he is deeply worried about the effect his defection may have on his colleagues back in Poland.

Nowinski himself did not apply originally for his passport to come to this country. After he had been sought by Johns Hopkins as a guest lecturer in its graduate school, other scientists in the Polish Academy of Science where he was associate editor of the academy journal, urged the government to let him go as a matter of scientific prestige.

Apparently, according to colleagues in this country, Nowinski's wife, Maria Franciszka, and daughter Kristina applied for passports to England shortly after his had been granted.

The press conference was called yesterday within two hours after he had defected in a speech before the National Press Club in Washington.

**Never Been To Russia**  
When asked if he was familiar with Russian progress in his field or in missiles, Nowinski replied: "They are working themselves. We are not aware of their problems until they published them."

He said he had never been to Russia and had never seen a missile or a rocket in Poland.

From the known properties of materials, or combinations of materials, Nowinski is able to predict their behavior when subjected to high temperature stress.

When asked to describe Nowinski's standing in the science field, Dr. Stanley Corson, chairman of the mechanical engineering department at Hopkins, said, "I would call him top echelon."

Nowinski said he hopes to bring his wife and daughter to this country soon and said the family hopes to become naturalized citizens.

## ACTUAL UNION TAKING PLACE IN CHURCHES AT LOCAL LEVEL

**By TOM HENSHAW**  
AP Writer

For several years, the Rev. Theophilus Meckel and the Rev. Melvin Graupmann used to pass each other going in opposite directions on U.S. Route 10 in Otter Tail County, Minn.

They don't do it anymore. The tale of the two Minnesota ministers is the showpiece of an informal year-end report on the soon-to-be-completed merger of the Congregational Christian and Evangelical and Reformed churches.

**Already Getting Together**  
Union of the two large Protestant denominations into the United Church of Christ was voted last June. It won't be official until a constitution, currently being drafted, is completed.

But lack of legislative action hasn't prevented the individual churches from getting together in fellowship to prepare for the official church union.

The Rev. Mr. Meckel is pastor of the Congregational Church in Wadena, Minn. Each Sunday morning, he would drive 13 miles to conduct early services in the Congregational Church in New York Mills.

**Local Churches Unite**  
The Rev. Mr. Graupmann is pastor of the Evangelical and Reformed Church in Perham. Each Sunday morning, he would drive 24 miles for services at his denomination's church in Wadena.

Since the merger conference, the 40 members of the Wadena Evangelical and Reformed Church have joined the Rev. Mr. Meckel's flock and members of the New York Mills Congregational Church have accepted the Rev. Mr. Graupmann as their pastor.

In Wheatland, Wyo., the Bethlehem Evangelical and Reformed Church has united with the Congregational Church. The Rev. Daniel T. Winger, an ordained Evangelical and Reformed minister, is pastor.

**Foundation Formed**  
The Rev. Augie H. Elshoff, pastor of the First Congregational Church of Gaston, Ore., also is president of the Pacific Northwest Synod of the Evangelical and Reformed Church.

Representatives of Evangelical and Reformed churches have been elected to each of the standing committees of the Northern California Congregational Christian Conference.

The United Church of Christ technically still is a denomination constitution can be drafted.

But spiritual fellowship of members—which cannot be legislated

## Say Russians May Have Hit Trouble With Third Sputnik

**By LEWIS GULICK**

WASHINGTON (AP) — Vanguard chief John P. Hagen said today the Russians probably have run into difficulties trying to shoot a new Sputnik into orbit around the earth.

At the same time, Dr. Hagen cautioned that the next attempted launching of a Vanguard rocket still may not result in placing a U.S. satellite in space.

If the American baby moon does stay up, he said, it will be mainly as a byproduct of a test firing of the complete three-stage rocket planned for use in firing aloft a fully-instrumented satellite next March.

**Answers Questions**  
Hagen commented in a written reply to questions submitted by the Associated Press as belief spread that Russia's half-ton Sputnik II, launched Nov. 3, is now or soon will be the only man-made satellite aloft.

Soviet Premier Bulganin said in Moscow last night that Sputnik I, launched Oct. 4, will burn out tomorrow or Monday if not before. "For all I know it may have burned out already," he told reporters.

**May Be Down**  
At Cambridge, Mass., the Smithsonian Astrophysical Observatory said last night it had no word on the fate of Sputnik I, although officials there had predicted the 184-pound sphere would plunge to a flaming end in the earth's atmosphere on or about Thursday of this week.

**One of the questions** submitted to Hagen, the head of the Navy-supervised earth satellite project, was this way:

"The U.S.S.R. was expected to launch a satellite about every four or five weeks. It has been about two months since their last satellite was fired into orbit. Do you believe that the Russians are experiencing difficulties launching their satellites?"

**Many Russ Failures**  
"Probably so," Hagen replied, adding:

"We have no real knowledge of what happened in the very early stages of their rocket-satellite program, but one unofficial source reports that a member of the Russian delegation at the U.N. remarked that they had a great many unsuccessful attempts at launching before achieving a successful one."

**New Test Soon**  
This country's first attempt to launch a small test sphere ended in spectacular failure Dec. when the rocket blew up.

Hagen appeared anxious to stress that the next firing, like that of Dec. 6, will also be mainly a test of the complete rocket. "An orbiting satellite would be more in the nature of a byproduct of a successful launching," he said.

The Vanguard director declined to name a date for the forthcoming test. He said it will come "fairly soon" and that plans still call for launching a fully-instrumented 21 1/2-pound satellite in March.

## No Physical Benefit In Golf Or Bowling

SANTA MONICA, Calif. (AP) — There isn't any physical benefit in golf, bowling, volleyball or social dancing, a University of Illinois professor says. "Muscles are not developed to a higher strength unless they are two-thirds or more overloaded or worked long and hard to the point of real stress and fatigue," Thomas K. Cureton told the College Physical Education Assn.

**"Missile" Launching Awaits More Fuel**  
LEXINGTON, Ky. (AP) — Only the shortage of rocket fuel prevents the launching of a missile from this city. Four "experts" — ranging in age from 10 to 13 — say they'll try to launch a 2 1/2 foot rocket if they can get three pounds of zinc dust. Only eight ounces is available at a time they say.

Into action—has formed a foundation that awaits only official sanction to bring the new church into being.

There is a copper mining museum in the picturesque mountain village of Roros, Norway.

## Today's Pattern

**Doll Wardrobe 4547** FOR DOLL 10 1/2" - 18" 20" - 22"

Printed Pattern 4547: For slim, grown-up dolls 10 1/2, 18, 20, 22 inches tall. See pattern for individual yardages.

## SEN. MONRONEY PROTESTS JET TAXI FOR NIXON

WASHINGTON (AP) — Sen. Monroney (D-Okl.) today protested what he said was the conversion of a "vitality-needed Boeing KC135 jet tanker into a taxi" for Vice President Nixon.

Monroney said he had sent a telegram to Secretary of Defense McElroy about the matter. Monroney is chairman of the aviation subcommittee of the Senate Commerce Committee.

"Unless we have provided a sufficient supply of the four-engine jet tankers to fill Strategic Air Command needs, and I do not believe we have, I question any diversion of KC135s on a permanent basis," Monroney's telegram said.

There was no immediate comment from McElroy or Nixon. The vice president and his wife are spending the weekend in New York.

The Air Force said last Wednesday it was making available to Nixon the KC135 in which Air Force Gen. Curtis E. LeMay set new records on flights to and from Buenos Aires in November.

The plane has airline type seats and floor carpeting, but is not as luxuriously fitted out as President Eisenhower's personal plane.

The 600-mile-an-hour KC135 now is located at nearby Andrews Air Force Base, where it is being used in the evaluation of communications equipment and other jet devices. The plane is expected to continue in that assignment, but to be available for Nixon's use whenever he needs it.

Monroney asked McElroy by what authority the Air Force made the plane available to Nixon.

## Woman Burned By Inflammable Cement

DANVILLE, Pa. (AP)—The explosion of some inflammable cement Thursday seriously burned Mrs. Murry C. Davis, 39.

Police said Mrs. Davis was hurt when she turned on a kitchen stove while a workman was installing some new fixtures in the room, using the cement. The workman, Kenneth Roberts, was burned slightly in the blast.

In another blaze in the Danville area Thursday, the home of Mr. and Mrs. James Mordant was razed. The Mordants and their five children were left homeless by the fire.

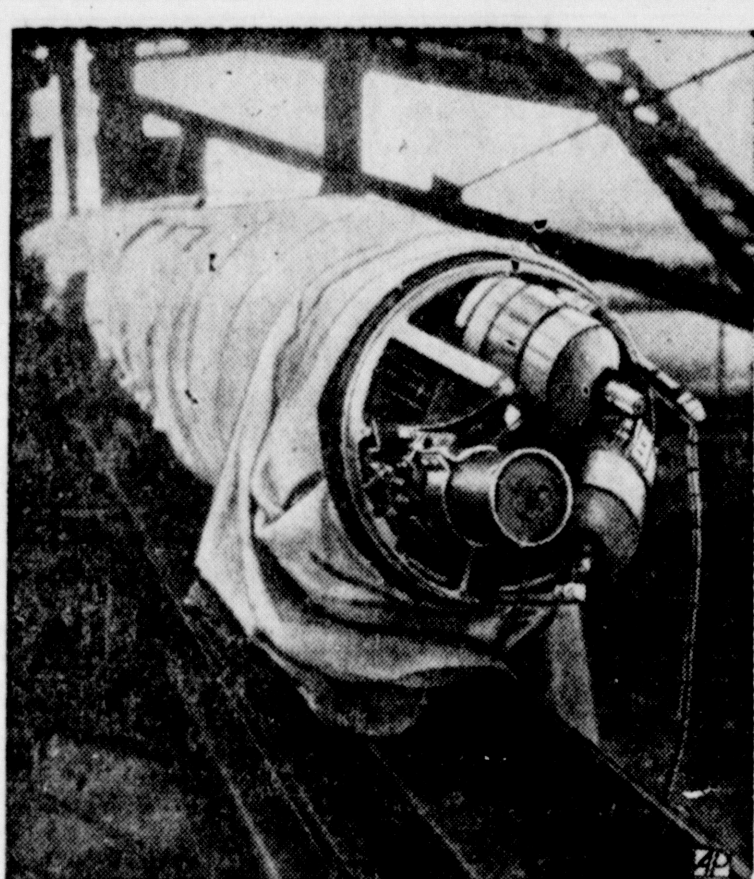

OWEGO, N.Y. (AP)—Farmers and small-town merchants dominated a grand jury chosen Friday to try to crack the secret of a big gangland convention held at nearby Apalachin.

The 23-member panel was chosen to press a new and lengthy search for the answer to this question: Why did 60 mobsters and their pals — from nine states and Cuba — gather at Joseph Barbara's hilltop mansion Nov. 14 for the meeting state police broke up.

"Appropriation of \$1,666,200,000 for KC135s in the last four budgets was on a most urgent basis," the senator said in his message to McElroy. "Congress was told these jet tankers were vitally needed at the earliest possible time to refuel B47s and B52s for worldwide range."

"It is extravagant and dangerous to convert a multimillion dollar, vitally-needed Boeing KC135 jet tanker into a taxi. It is also more important to have the best arsenal of ballistic missiles than to have a fleet of VIP airplanes."

VIP is short for "Very Important Person."

**FIRING DEVICE** — Nose of Aerobee rocket shows three "shaped charges" which the Air Force said fired two small meteors into space when rocket was at 54-mile altitude.

## Railroad Ticket Punch Was Conceived By Boat Captain

By JACK MAGUIRE

Equally important and as honorable to a railroad conductor as his handwritten signature is his mechanical endorsement: the perforated ticket punch. There are more than 10,000 conductors authorized to punch passenger tickets on American railroads, and each has a punch that is individually designed and never duplicated.

The ticket punch was the brainchild of Pappy Ayres, a shrewd river boat pilot who also doubled in brass as a conductor on the Erie. In the early days of railroading, the conductor simply wrote his initials in pencil on tickets — a practice which enabled unscrupulous passengers to erase the mark and turn in the ticket for refund. In 1852, Conductor Ayres suggested that the railroad provide him with a punch that would enable him to mutilate the ticket and also provide positive proof that he had checked the fare. The idea caught on, and today the ticket punch is still one of the most effective devices used by the railroads in accounting for passenger fares.

At first, punches were simple affairs. The Erie's first order was for fifty-two of the devices, half of which were for the capital letters of the alphabet and the other half for the small letters. As the industry grew and the number of conductors increased, use of letters was dropped in favor of various designs. More than 20,000 separate dies have been assigned to conductors since Pappy Ayres introduced the idea.

Finding the unique designs for these ticket punches is a difficult task. A century ago, variations of the clubs, hearts, diamonds and spades of playing cards were popular, as were locomotives and other objects connected with railroading. Heads of animals, articles of clothing and even western cattle brands have been used. As the demand for more punches increased, new designs often were created by blotting a drop of ink. Many such unique symbols are used by present-day conductors and are intelligible only to them and to the railroad accounting office.

Often the selection of a punch design is proof positive that railroaders have a sense of humor. One conductor who is a teetotaler punches out a cocktail glass on his tickets. Another whose surname is Bull punches a cow's head. One interurban line had an attractive lady conductor who boasted a wolf's head on her punch. A non-smoker punches a pipe-shaped hole. A conductor on a Texas railroad punches the map of his state.

All conductors in through passenger service use what is called a single projection punch: it is equipped to make just the one unique perforation. On some railroads operating commuter lines, however, conductors use a duplex two-projection punch. The tip of this punch is used to perforate the

"ride" to be cancelled out of suburban commutation tickets as the passenger boards the train. Later, the conductor moves through the coaches and uses the upper, or second, die of the punch to cut the perforated portion completely off of the ticket.

The ticket punch, admittedly a conductor's most prized occupational possession, can't solve all of his problems. Some years ago, a Northern Pacific conductor refused to punch the single ticket handed him by Daisy and Violet Hilton, the famous Siamese twins. He reasoned that they were two people and should present two tickets. He was overruled by an opinion from the road's legal department, however, which held that since the twins were joined together, one fare was valid for their transportation.

Once a conductor gets his punch, it is his for as long as he remains with the railroad. Many conductors have used the same punch for as long as half a century, then passed it on to a son who followed the father's footsteps. Sometimes a railroad will permit a conductor to keep his punch after he retires as a memento of his career. One conductor became so attached to his punch that he couldn't give it up. When he died, he was buried with his punch in his hand.

## Continue Quiz Of Man In Slaying

NASHVILLE, Tenn. (AP) — Two Pennsylvania policemen today continued questioning a former convict in the 1954 death of Miss Margaret Keota, a Phoenixville, Pa., secretary.

He is Leonard James Young, 45, who has served three prison terms. Detective Ronald Paxson of Chester County and State Trooper John Cole spent two hours with Young yesterday. After the session the officers commented, "he is not what you would call a cooperative man. . . . We didn't get very far."

## Hold Two Without Bail For Assault

LEVITTOWN, Pa. (AP) — Two Levittown youths, who police say admitted assaulting a 17-year-old Croydon girl, were held without bail today pending a hearing.

They were identified as Thomas Elko, 23, and Robert Cummings, 18. Police said they were arrested yesterday after the girl recognized Cummings' voice.

Police said the assailants grabbed the girl as she stood on a street corner in Bristol and attacked her in their car. The youths then robbed her and tossed her from the car, police said. The two were charged with assault and battery, criminal attack, and robbery.

## FARM PRICES UP

HARRISBURG (AP) — The Pennsylvania farm price index for the month ending Dec. 15 showed a 12-point increase over the same period in 1956, the State Agriculture Department reported Friday.

A federal-state survey indicated the index for the month stood at 262 per cent of the 1910-14 base period, considered by economists to be normal years.

Higher prices for livestock in mid-December offset decreases in prices for poultry, eggs and livestock products, including milk.

PHILADELPHIA (AP) — Two youths stabbed a 59-year-old bus driver on a crowded bus in West Philadelphia yesterday during a fight which began when they refused to pay their fares.

Reported in fair condition at Misericordia Hospital this morning was Harry Alveberg, with two stab wounds in the left side of the abdomen.

Police said the unidentified

## Two From State Arrive In Berlin

BERLIN (AP) — Two Pennsylvanians are among a group of 11 American radio and newspaper officials who have arrived here on the first leg of a tour of the Soviet Union and eastern European countries.

N. DeWitt Ray, publisher of the Indiana Evening Gazette, Indiana, Pa., and William H. Syk, president of radio stations WPEN and WPEN-FM, Philadelphia, were in the group which arrived by plane yesterday. The group leaves Monday for Warsaw and later for the Soviet Union, Romania, Hungary and Czechoslovakia. The tour will end Jan. 19 in Paris.

## DULLES GIVES IKE DRAFT OF REPLY TO REDS

WASHINGTON (AP)—Secretary of State Dulles reportedly has given President Eisenhower a proposed final draft of the U.S. reply to Russia's latest bid for an East-West summit conference.

The Soviet plan was set forth last month in a letter to Eisenhower from Russian Premier Bulganin, who also wrote other Western leaders on the eve of the NATO talks in Paris.

The Eisenhower reply, reportedly drafted by Dulles during a five-day vacation in New York, is said to keep alive the possibility of a top-level session with Russia, but only if solid progress is made in lower level talks.

## Gives Draft To Ike

Dulles gave the draft to Eisenhower yesterday, informants said. The final draft of the reply is said to turn down Bulganin's proposal for creating a zone in Central Europe where nuclear weapons would be barred.

Officials also said Eisenhower's reply would turn down the idea of a no-war pact suggested by Russia, on grounds that such a pact already exists through the United Nations.

## Albania To Release British Cargo Plane

LONDON (AP)—Albania has promised to release today a British cargo plane its jet fighters forced down Tuesday on a charge of violating the communist nation's air space.

The six-member crew, including a 22-year-old stewardess, was reported safe and well. The plane will fly straight back to Britain if possible, a spokesman for the owners said.

The plane was en route from Germany to Syria with a cargo of machinery destined for the Far East.

youths, after attacking Alveberg, fainting with his change carrier containing about \$15.
